Make It Happen

Dig into the real life example of leadership of Nehemiah. Explore what it takes to go from idea to executing an event. Start with the end goal. Determine what is needed, assess resources available, plan, adapt and complete the process by hosting an event. The event will be hosted during weekend service times.

The Case for Christ

How would you answer: Was Jesus really born in a stable? Did his friends tell the truth? Did he really come back from the dead? Throughout this study, kids will learn answers to these and other pressing questions in kid-friendly language that will help them grow in their faith.

Preaching and Teaching

Unpack different Scriptures that Jesus used to teach His parables, or that offer wisdom and advice on how we are to preach God's Word. Students will study the Word and learn what to look for as the key take-away from the message given, will hear from guest speakers/preachers, and will all share their very own (short) sermon written during the course of this class!

Digging Deeper

In this class, students will Dig Deeper into the scripture presented during worship. They will unpack how to apply scripture to real life through discussions, hands-on activities, and scripture memorization. Any child not registered for a SE!Kids University elective will attend this class.
